

Use Case Diagram with OCL Constraints

This document contains the Use Case Diagram with OCL logic for the project.

Actors:

- **User:** Standard account holder.

- **Admin:** System administrator with elevated privileges.

OCL Logic Applied:

- **Profile Updates:** Restricted to non-blocked users; email remains immutable.
- **Address Ownership:** Invariant ensuring addresses belong to the active user.
- **Admin Actions:** Logic for toggling account status and cascading deletions.
